

THE SHOOT™

INSULATION BAFFLE

PRODUCT NAME

The Shoot™ Insulation Baffle

MANUFACTURER

ISI BUILDING PRODUCTS
401 Truck Haven Road
East Peoria, IL 61611
866.698.6562 / www.isibp.com

PRODUCT DESCRIPTION

BASIC USE

The Shoot is a patented, effective way to insulate open framed areas in new construction applications for residential and commercial buildings. Regularly used in common wall and knee wall applications, The Shoot is the perfect tool for spray foam applications, spray-on systems and blow-in blanket systems.

COMPOSITION & MATERIALS

The Shoot is made from corrugated cardboard.

SIZE

Standard Sizes: 16" OC (On-Center) x 72"
24" OC (On-Center) x 72"

WEIGHT

Approximately 1 lb. per piece.

BENEFITS

- Provides substrate for insulation
- Lightweight and easily installed
- Adjustable to any depth, minimizing scarfing
- Effective for use in new and retrofit applications
- Time, labor and material cost savings

INSTALLATION

STEP 1 Measure framing opening.

STEP 2 Make necessary cuts/trims with construction scissors or utility knife.

STEP 3 Fold tabs inward and insert between framing to desired depth. Typically, this will be a friction fit. Once in place, adjust to achieve uniform depth.

STEP 4 Staple tabs in place every 24 inches or frequently enough to provide stability during insulation install.

STEP 5 Repeat steps 2 – 4 until framing cavities are filled. Overlap successive layers by at least 4 inches.

STEP 6 Install insulation.

These are general installation instructions. Instructions on architectural or structural drawings should be reviewed and followed. Detailed installation instructions can be obtained by calling the manufacturer at 866.698.6562 or visiting www.isibp.com.

WARRANTY

Warranty information can be obtained by calling the manufacturer at 866.698.6562 or visiting www.isibp.com.

MAINTENANCE

Requires no maintenance once installed.
